RELEVANT PROJECTS:

Job Portal Application

- Created Job portal for aspiring candidates in order to find desired jobs in which I created multiple modules in flutter Like REGISTRATION Module , Home Module and Profile Module.
- Registration Steps Consists of 8 Steps which are Basic Details, Qualification Details, Career Preference Details, Professional Details, Key skill, it skills, Personal Details.
- All steps Consists hide and show feature and according to qualification i showed the Fields to the user.
- Persisting the state using Flutter Secure Storage.
- on Sign out Clearing the Secure Storage bucket.
- Functionality Implemented like Change password, Deactivate Account, Profile Picture Upload, Resume Upload.
- LOGIN Module which consists of two step LOGIN with JWT Token.
- Filtered job list , company list.
- Implemented the CRUD Operations.

Itax Application

- Created UI of the entire application.
- Created User sign in and sign up Along with bearer token Authorization.
- Most of the API are third party and financial API like BALANCE SHEET, PROFIT AND LOSS ACCOUNTS ETC with the main purpose of filing ITR(income tax return) and GST FILING.
- We have two dashboards for Normal users and Business users same as for the profile section.
- Handled the ITR (income tax return) filing.
- Same for GST and ADHAAR linking service.
- Other functionality like MCA , KNOW YOUR AO , TAN , LINK YOUR ADHAAR .
- Troubleshoot and Analyze Problem Reports To Help Determine Root Cause of the Reported Issue.

School Management System

- School Management Software specially designed to manage the day-to-day administrative tasks of schools
- software allow schools to digitally monitor the daily activities along with managing all the resources and information on a single platform..
- Consists of 3 Login Screens (Student, Teacher and parent)
- Consists feature set to help manage daily operations, such as Student Assignment, Homework, Leave, Transport, Library which are same for Teacher Module ,Program management and class scheduling As well.
- other Functionality is in progress.

EDUCATION:

Bachelor of Engineering - IT (Information and Technology Engineering)

Grad: Dec 2019

Model Institute of Engineering and Technology | Jammu university | J&K | INDIA
